

COAST TO COAST DATA SEARCH Presents:

Investigation & Fraud Training Series

PROGRAM SUMMARY

AOE/COE: Working as a Team to Investigate

When in need of...

Evidence Experts

you can count on us

Length: 1 Hour

Credit: Continuing education credits for Workers' Compensation professionals.

Description:

The program is an overview of AOE/COE investigation.
(This is part 1 of a 3 part series: AOE/COE, Sub Rosa & Fraud)

Objective:

Understanding the role of investigation in administering claims. How to get better information during 3-point contact. How to prepare files for a referral to an investigator. What to expect from an Investigator's AOE/COE investigation and related case law. The Facilitator will utilize a PowerPoint presentation and handouts will be provided.

Target Audience:

Claims Adjusters, Medical Only Claims Adjusters, WC Supervisors, Managers and anyone working in Work Comp.

Facilitator :

David Dindak is the founder & CEO of Coast to Coast Data Search and is an active member of several fraud industry organizations. He has a BA in Criminal Justice and has been a licensed Investigator for more than 20 years.

Cost:

There is no cost to bring this program to your company
